ELECTION WITH TRAVERSE

The Honorable Commissioner for Patents  
Washington, D.C. 20231

Sir:

Responsive to the Restriction Requirement dated February 26, 2003, the Applicant hereby elect Group I, claims 1-20 and 29-32.

Furthermore, this Restriction Requirement is respectfully traversed.

The Restriction Requirement erroneously asserts that Group I and Group II are related as an apparatus and a product made. This is untrue. Both claim 1 (Group I) and claim 21 (Group II) specify an apparatus comprising a sensor and a bundle of optical fibers. There is no disclosure that one is used for making the other as the Restriction Requirement erroneously asserts. Accordingly, withdrawal of the Restriction Requirement between Group I and Group II is earnestly solicited.

Respectfully submitted,  
DORSEY & WHITNEY, LLP.
